**NOTE:** Read the entire instruction manual before you start installation and assembly.

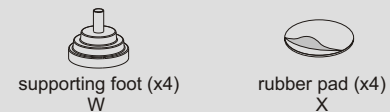

## WARNING

- Do not begin the installation until you have read and understood all the instructions and warnings contained in this installation sheet. If you have any questions regarding any of the instructions or warnings, please contact your local distributor.
- This mounting bracket was designed to be installed and utilised **ONLY** as specified in this manual. Improper installation of this product may cause damage or serious injury.
- Always use an assistant or mechanical lifting equipment to safely lift and position the equipment.
- Tighten screws firmly, but do not over tighten. Over tightening can cause damage to the items, This greatly reduces their holding power.
- This product is intended for indoor use only. Using this product outdoors could lead to product failure and personal injury.

**IMPORTANT:** Ensure that you have received all parts according to the component checklist prior to installation. If any parts are missing or faulty, telephone your local distributor for a replacement.

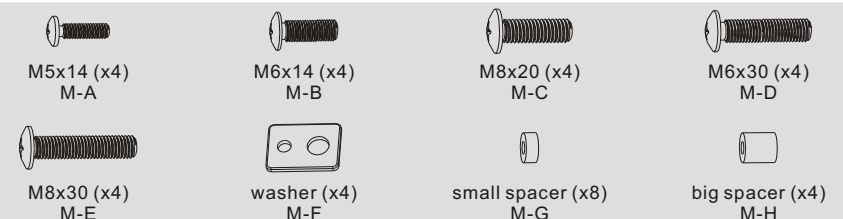

### Component

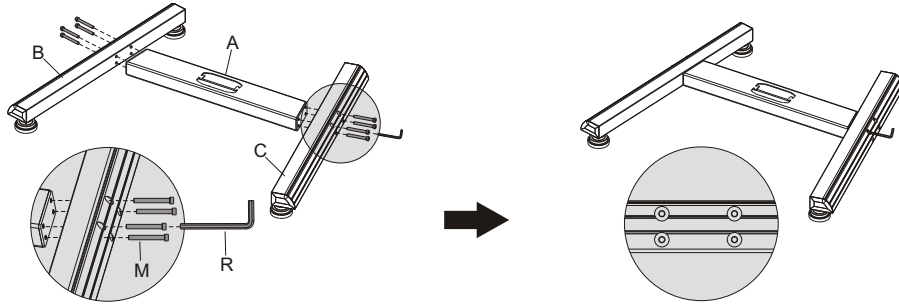

(Peel off the backing paper from the rubber pad and stick the rubber pad on to the supporting foot.)

### Package M (x2)

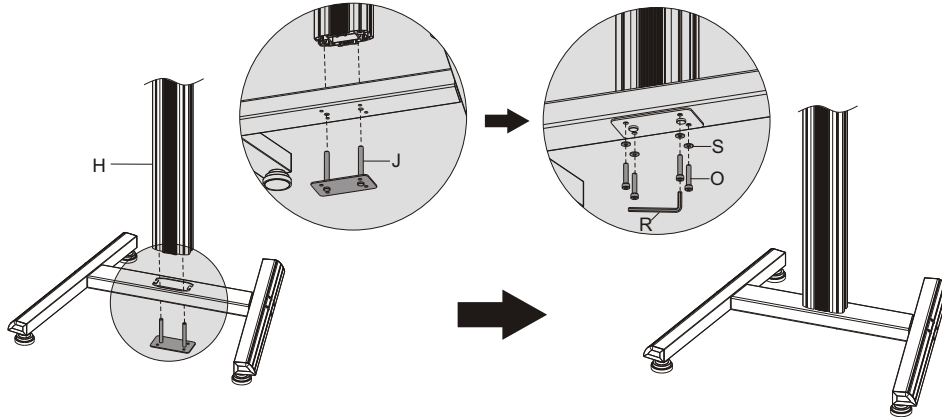

## 1. Assembling the Base

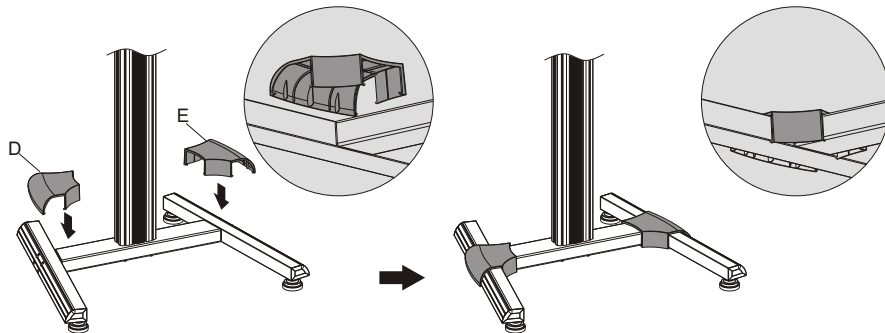

Attach the left and right base to the middle base using the appropriate screws. Tighten all screws with an Allen key.

## 2. Attaching the Column to the Base

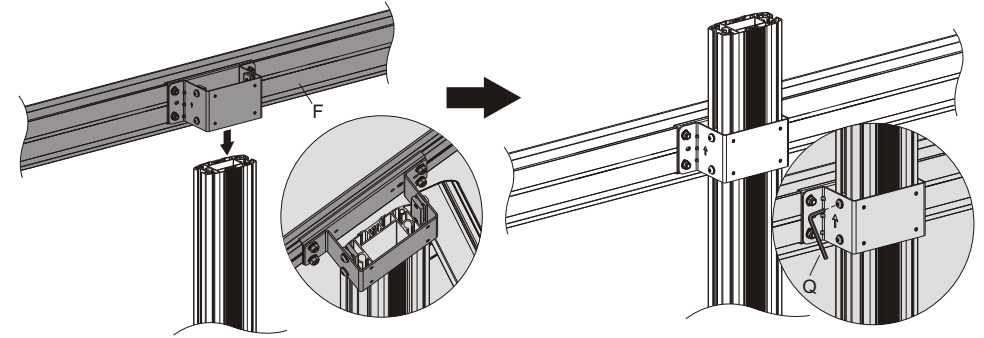

Attach the column to the assembled base using the connecting piece, secure them with the appropriate screws.

## 3. Installing the Covers

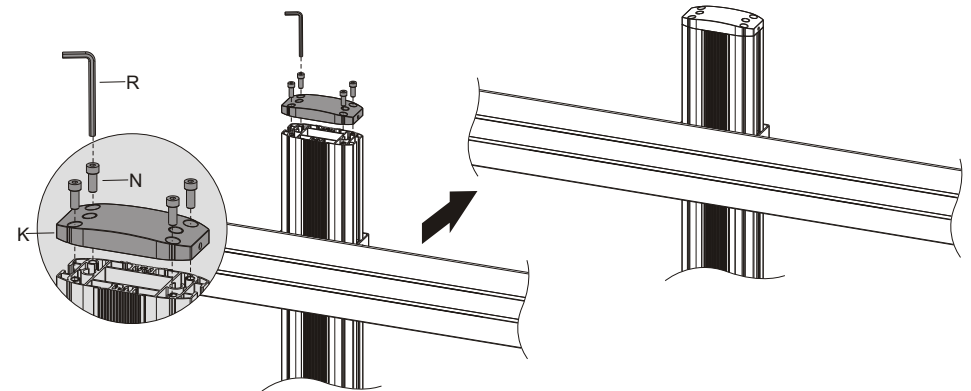

## 4. Installing the Universal Plate

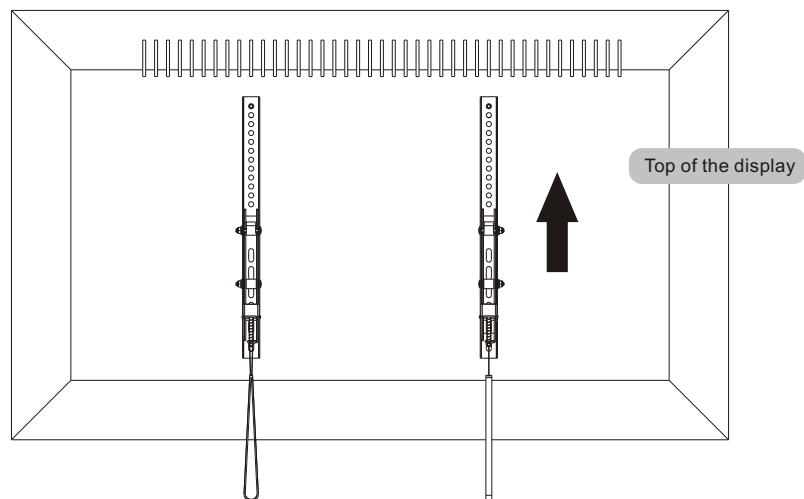

Insert the universal plate to the desired position along the column rails. Tighten all screws to secure it with an Allen key.  
**NOTE:** With the arrow pointing upward.

## 5. Installing the Top Cover

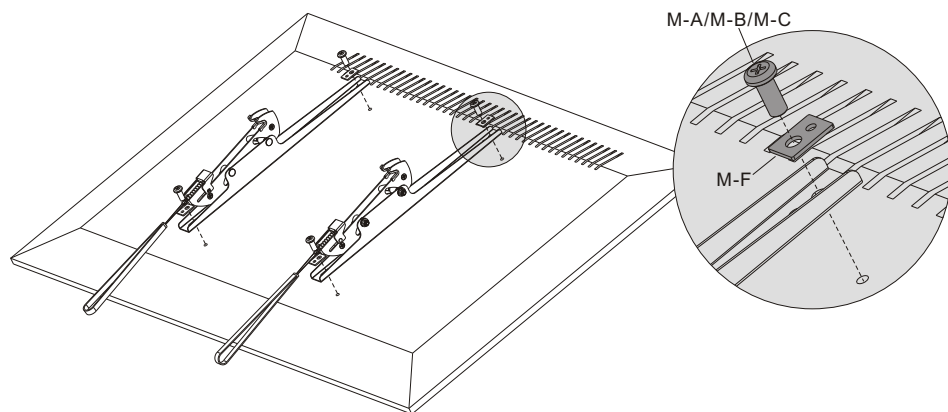

Attach the top cover to the column using the appropriate screws. Tighten all screws with an Allen key.

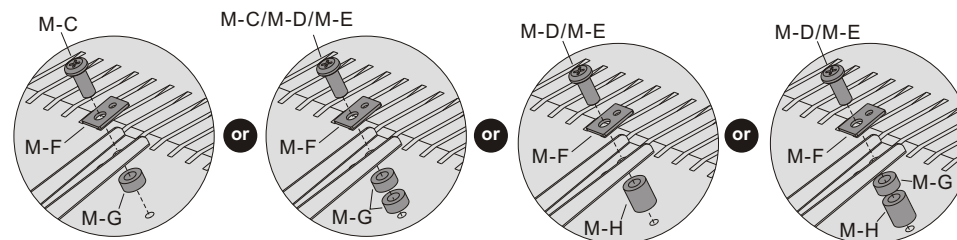

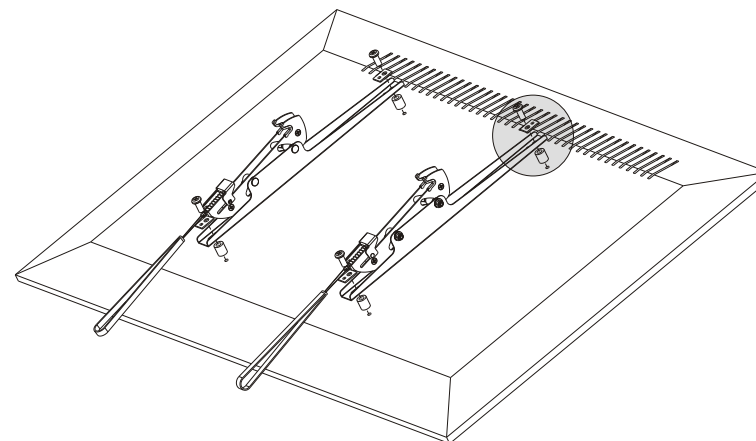

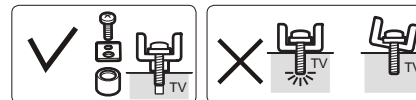

## 6. Installing the Adapter Brackets

### 6-1 For Flat Back Screens

### 6-2 For Recessed Back Screens or to Access A/V Inputs

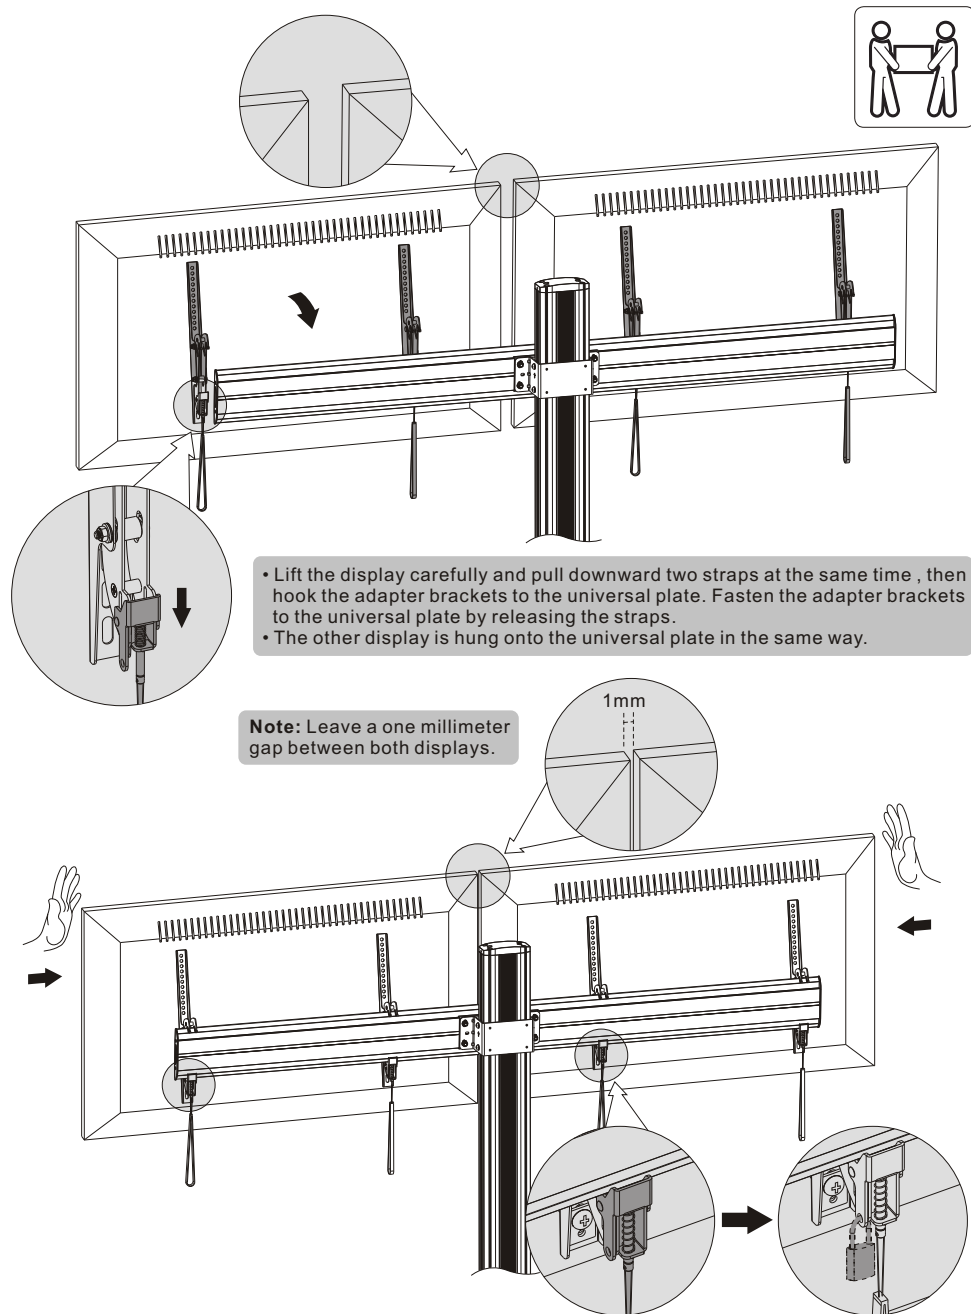

**Note:** Choose the appropriate screws, washers and spacers (if necessary) according to the type of screens.

- Position the adapter brackets as close as possible to the center of the displays.
- Screw the adapter brackets onto the displays.

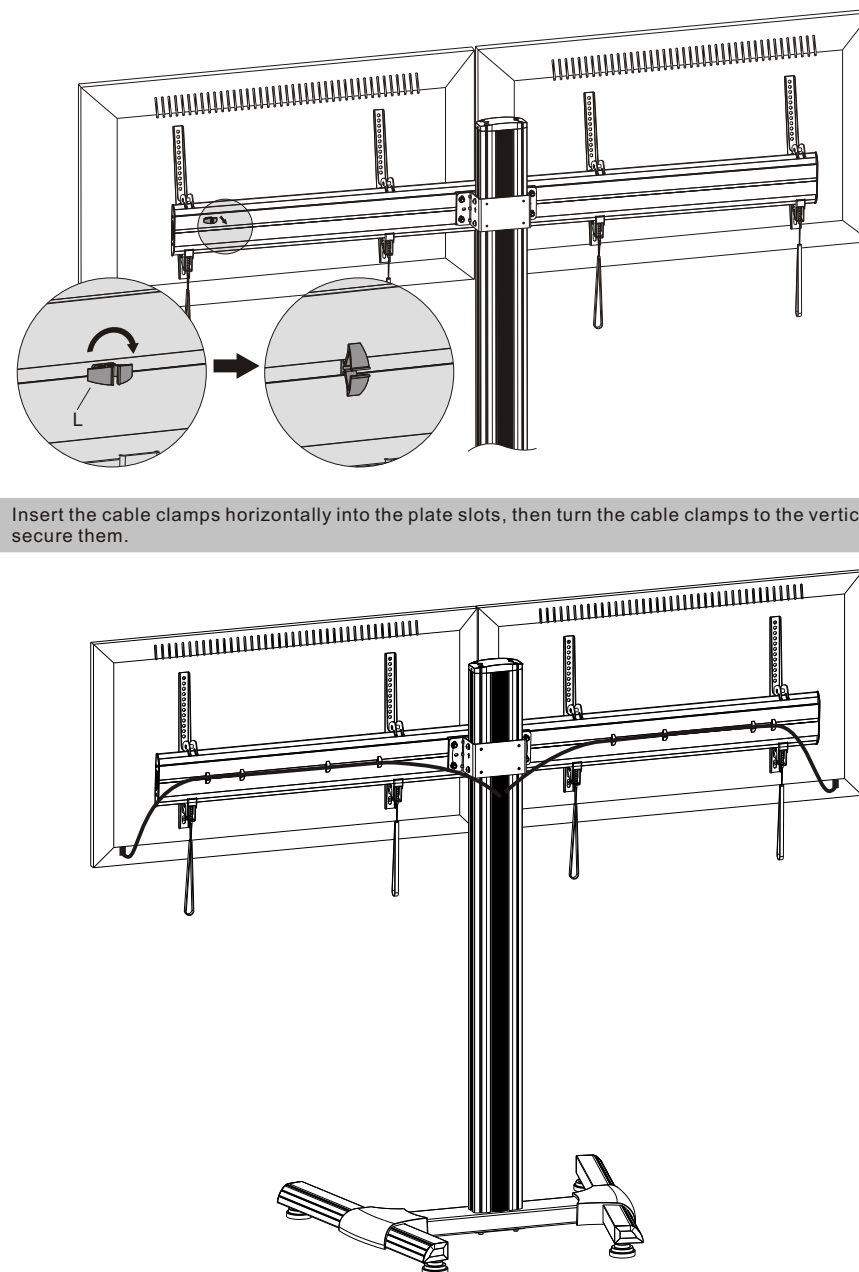

**⚠ Tighten all screws but do not over tighten.**

## 7. Hanging the Displays onto the Universal Plate

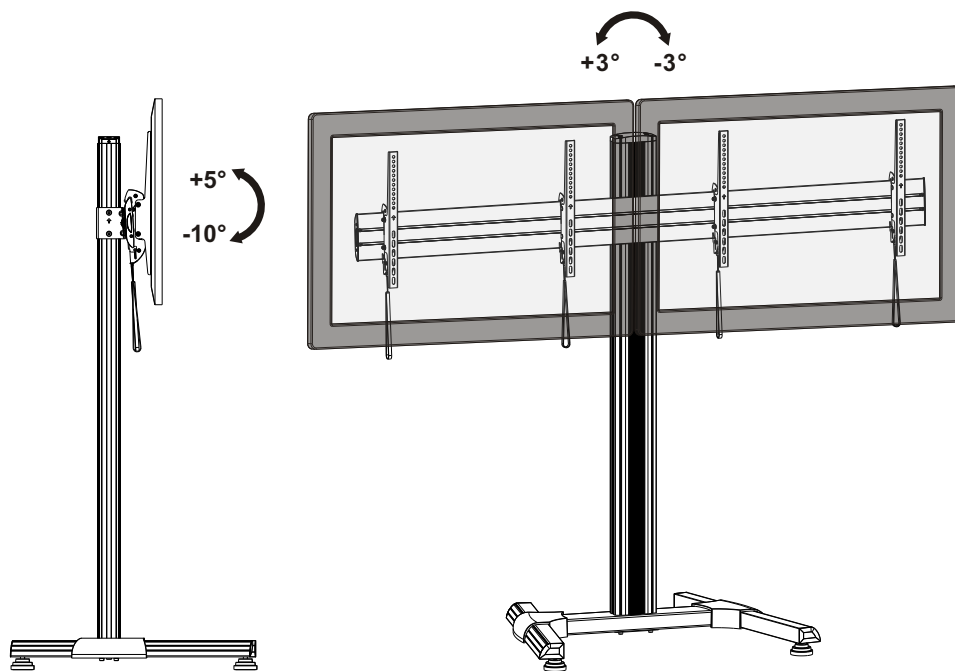

Use the padlocks to prevent the displays from being stolen (The padlocks are not included).

## 8. Cable Management

Run the cables through the cable clamps and the rubber strip.

## 9. Adjustment

### Maintenance

- Check that the bracket is secure and safe to use at regular intervals(at least every three months).
- Please contact your distributor if you have any questions.
